The second part of the app is ToDo List:

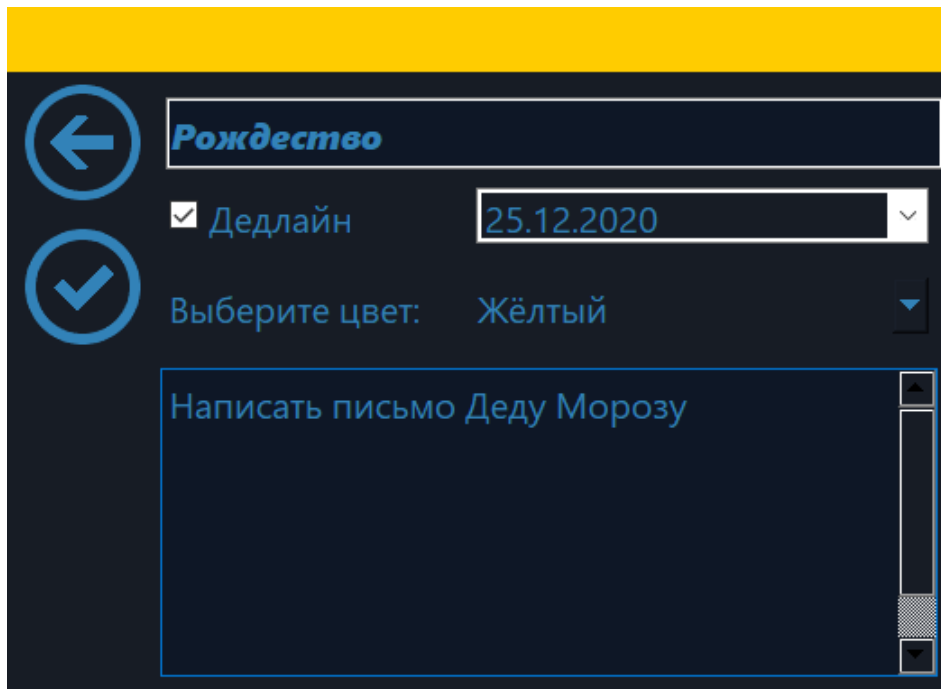

Every plan (ToDo) has its own name, color (to filter plans), explanation and done-status. ToDo deadline date is optional. You can create, edit and

delete plans. You can also delete all done plans by clicking the delete button.

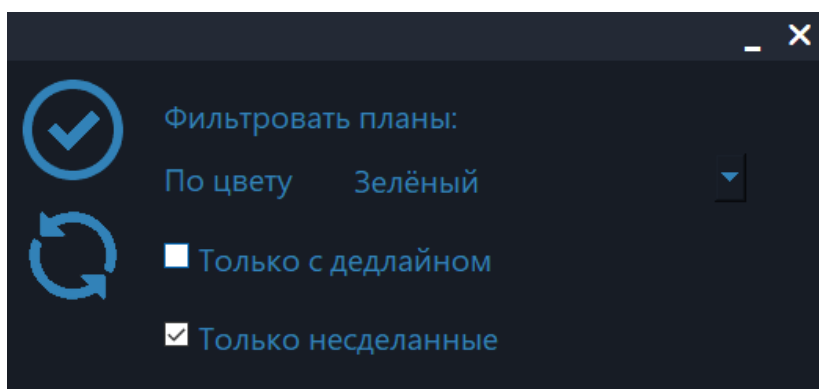

To mark your plan as done you should click on the icon in the left edge of the list. What's more, you can open calendar and export selected note to .docx list.
